

GROUND ZERO®

GERMAN ENGINEERING

DSP SERIES

GZDSP BTS 4-8XII

Interface for wireless music streaming and app control

Owner's manual & Specifications

(AWV1.0)

With this interface connected to GZDSP 4-8X and XII units some of the functions can be controlled by compatible smart devices with Android or iOS operating system. The necessary app can be downloaded from the associated app stores. Apart from that, the interface allows wireless music streaming. Further instructions on using the app can be found within the app manual of the connected unit. The operation is available for turned-on GZDSP units, only.

Modell / model	GZDSP BTS 4-8XII
Kompatibilität / compatibility	GZDSP 4-8X & GZDSP 4-8XII
Audio Profil / audio profile	A2DP 1.3.1 (oder höher / or higher)
Audio Codec	SBC / aptX*
BT Version	V4.2 compliant
Sendefrequenz / transmission bandwidth	2.4 GHz Band / band (2402–2480 MHz)
Max. Sendeleistung / transmission power (max)	+ 10 dBm
Empfangsempfindlichkeit / receiving sensitivity (max)	- 90 dBm
Max. Reichweite / range (max)	10 m / 33 ft.
Hauptprozessor / main MCU	Qualcomm CSR 8670 / BT class 2

*wenn dieser vom gekoppelten Gerät unterstützt wird / whenever supported by the paired device
Qualcomm aptX and CSR 8670 are products of Qualcomm Technologies Inc.

GROUND ZERO GZDSP BTS 4-8XII

Connection to the USB port of the GZDSP unit*

Make sure, your compatible GZDSP device has installed the latest available firmware. Check the web page for updates. Connect the interface to the USB port of the compatible GZDSP device and turn on the unit. Search for wireless devices on your mobile phone/music device. Select GZ BT-STICK from the list of available devices and initiate the pairing process. After successful pairing, the music playback on your mobile device will change the input source automatically when started. Please make sure to adjust the level on your mobile device according to your requirements.

App control:

To use your smart device for adjusting the settings install the GROUND ZERO GZDSP 4-8X control app on your device. Check the web page for further information and to download the app's owner's manual.

Note:

The GZDSP main device needs to be mounted and fastened carefully to avoid touching the interface while driving or during the ordinary use of the vehicle which may lead to malfunction or damage of the interface or USB port.

Safety Instructions: Use the device only in environments where Bluetooth wireless technology is permitted. Do not use the device if it has been damaged or exposed to liquids. Do not expose the device to extreme temperatures, fire or humidity. Keep the device, packaging and accessories away from children and pets to prevent accidents and suffocation.

Manufacturer's declaration: Herewith Ground Zero GmbH declares that the radio system type GZDSP BTS 4-8XII complies with the directive 2014/53/EU and further declares that this product is in conformity with the rules of the EU directives (including all applicable amendments) 2011/65/EU RoHS2 and 2001/95/EC General Product Safety Directive. The full text of the EU Declaration of Conformity is available at the following internet address: www.ground-zero-audio.com. Electronic products contain valuable raw materials and must not be disposed of with normal household waste. At the end of its service life, please bring the device to your local recycling facility.

Terms of warranty

The limited warranty for this product is covered by GROUND ZERO's regional distribution partners and their terms and conditions. For further information contact your local retailer or distributor.
